

# 2022 Annual Report

*Liberty House is Marion & Polk Counties' child abuse assessment center. We offer a safe, comfortable, child-friendly environment for children and their families facing concerns of abuse, neglect, trauma, or grief.*

*Excellence in the assessment, treatment, and prevention of child abuse, neglect, trauma, and grief in order to promote health and hope in children, youth, families and communities.*

## FROM THE CEO

Thank you for opening this 2022 Annual Report to learn about our work. Your support and involvement mean the world to us. Having finished my ninth year at the helm of this extraordinary organization, I am more passionate than ever about our mission and incredibly proud of each and every team member. At the time Liberty House opened its doors in 1999, no one could possibly have imagined the challenges children in our communities would be facing in 2022. We live in a world complicated by violence, illness, discord, and cruelty. Children need, instead, safety, reassurance, understanding, and hope. That is what we provide each day, in turn offering hope to overwhelmed parents and caregivers. There are many ways for you to be involved in our mission. Thank you for helping us to change hurt into hope!

*Alison*

**Alison S. Kelley, JD**  
CEO

## FROM HOPE & WELLNESS

Six years ago, we opened the doors to Hope & Wellness Services, a counseling program providing healing and growth for those impacted by trauma or grief. As the clinic opens the door for children and families in the midst of their hardship, our team offers the light to illuminate pathways for the future. We believe in the potential of everyone we serve and strive to offer the hope and skills to help people live their best lives. Giving hope to children and adults is what we do every day, and your support helps us do it tomorrow. Thank you!

*Neda*

**Neda Grant, LPC**  
Mental Health  
Program Director

## Board of Directors

SMI Property Management

## FROM THE MEDICAL DIRECTOR

I am proud to be a part of a kind, resilient, and talented team of medical providers, forensic interviewers, intake staff, and family support specialists. This amazing group provides assessments for children and families every day with the utmost care and professionalism despite the personal difficulties that come with encountering abuse day after day. We remain dedicated to maintaining a child friendly environment with services that mitigate trauma and promote the path to healing. Thank you for supporting this great work.

*Kaliq*

**Kaliq Williams, DO**  
Medical Director  
& Pediatrician

## FROM PREVENTION SERVICES

Liberty House's Prevention Services provides child abuse prevention education in English and Spanish to empower adults to take action to protect children from abuse. Through our trainings and interactive tools and resources on our website ([www.irespectandprotect.com](http://www.irespectandprotect.com)), we are creating a community movement to foster positive self-worth, make healthy choices, practice safe habits, and honor the humanity in ourselves and others. Your support helps keep children safe and makes our community more hopeful every day.

*Kyle*

**Kyle Tarr**  
Prevention Program  
Director

# What is a CAC? (Children's Advocacy Center)

How well do you remember an experience after explaining it four times? Or five? How about seven?  
How difficult would it be to share that experience if you were scared, nervous, panicked, or traumatized?  
How would you feel if you were sitting alone with a stranger and every detail was important?

Before Liberty House opened its doors in 1999, children often had to recount their experiences of abuse over and over again - to anywhere from three to seven adults - in order to get help. But with a Children's Advocacy Center, children receive centralized and specialized abuse assessment services in a safe, comfortable, child-friendly environment.

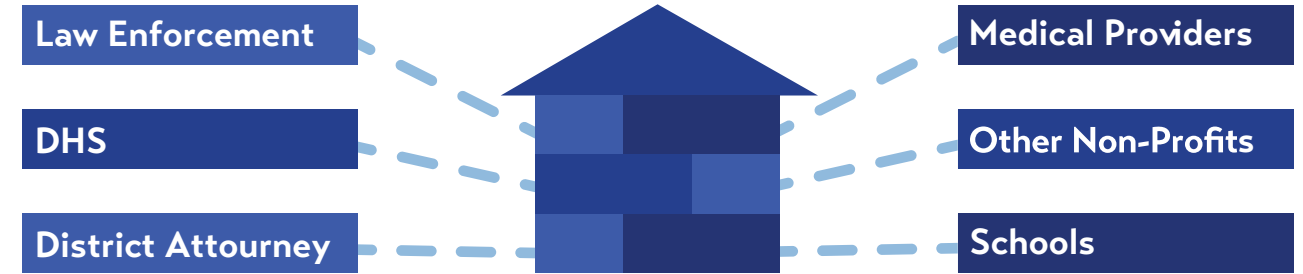

When children come to Liberty House, the assessment gradually unfolds at their pace and always with their consent. While children receive a professionally conducted and recorded forensic interview and a head-to-toe medical exam, the accompanying caregiver(s) also meet with a family support specialist to receive resources and emotional support. This carefully designed approach facilitates healing from the very first moment.

**We strive to respond to abuse from every angle:**  
That's why we've added **Hope & Wellness Services** and **Prevention Services** to our organization. Our therapists at Hope and Wellness provide mental health therapy to children and adults who have experienced trauma, and our Prevention Team educates and equips our community to better prevent abuse in the first place.

# Our Community

Liberty house works with a **Multi-Disciplinary Team (MDT)** made up of local agencies who respond to child abuse.

Through coordinated efforts with these agencies, children and families receive the best care they need in the most rapid way possible to intervene and prevent further abuse. The MDT meets daily to determine which cases are in need of the most immediate attention.

Liberty House also coordinates with other organizations that involve children, such as the school district and youth serving organizations, to provide trainings about child abuse prevention and resources for those facing concerns of abuse.

Duo Dog Eli is our Facility Dog! He is a certified service dog through Assistance Dogs International, specially trained to offer support and comfort to children taking part in forensic interviews. When he's with a child, Eli usually curls up next to them or puts his head in their lap, offering a steady presence for them to pet or hold onto. We love having Eli on our team!

# Departments

## Clinic - 27 staff

The Clinic provides state-of-the-art, high quality assessments and family support services to reduce trauma and improve a child's and family's experience with abuse. The Clinic allows a child to share their experience in a safe and comfortable environment.

## Hope & Wellness - 10 staff

Hope & Wellness Services provides high quality trauma-informed counseling services to facilitate emotional and behavioral healing and recovery from trauma. Often, children assessed in our Clinic will have follow-up therapy to continue the healing process.

## Prevention - 3 staff

Prevention Services plans and expands initiatives to educate the community about child abuse and how to prevent it. This includes iRespect&Protect, a grass-roots movement started by Liberty House and local partners to promote positive online choices.

## Administration - 11 staff

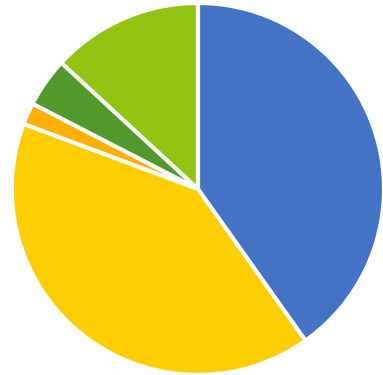

The Administration Department builds strong administrative support for our core mission and programs to ensure efficiency & effectiveness. They increase diversity, sustainability, and public and private sector financial support by staying connected with important partnerships.

## Community Engagement - 5 staff

Community Engagement raises awareness and critical funds to advance the work and mission of Liberty House by growing, cultivating and engaging a community of donors, volunteers and other supporters through events, presentations, and social media.

# iRespect & Protect

a Liberty House program

iRespect&Protect helps children, youth, and adults recognize their self-worth and the influence of device use on their lives.

**This program was made possible and has grown exponentially because of donors like you!**

Visit [www.iRespectandProtect.com](http://www.iRespectandProtect.com) for tools, resources, and more!

## 10 foundational principles:

There is something incredibly special about being human!

We all need and desire to be liked and loved.

We do things every day to be liked or loved.

We may not always be aware of when those things we do – choices we make – could harm us or others.

There is an opportunity to increase awareness of how certain actions could hurt us or others.

Nobody should ever feel that they have to do anything to be liked or loved; love isn't a transaction; the right people will like and love you just because you are you.

Each person has the power to choose; pressure to do things doesn't mean we have to do them.

Each human has 100% worth just by virtue of the fact they are alive. We all have unique talents and traits to be cherished and celebrated, and we are all deserving of our hopes and dreams.

If you have engaged in doing something harmful to yourself or others, recognize that it is likely because you also wanted to be liked and loved, and there is support for you.

We can create a community movement to empower youth and adults to choose safe social media and device habits and honor the humanity in ourselves and others!

generous donors faithful volunteers  
 community partners  
 business leaders dedicated workers

 caretakers guardians mentors  
 and all caring people,

**Thank you for helping change hurt into hope, for seeing, hearing, stewarding, and protecting the children and families who carry immense burdens and pain through our doors. You are involved in saving young lives and forming better futures for thousands of your little neighbors. What you do matters.**

**On behalf of every child and family we serve, thank you.**

**-The staff and board of Liberty House.**
