WHY IS PREVENTION TRAINING NEEDED?

According to a 2021 report by Thorn, an international anti-human trafficking organization that works to address the sexual exploitation of children, found that among 9-12-year-olds, 1 in 7 agreed that it's normal for kids their age to share nudes. 1 in 7 said they had shared their own nudes. And 50% of youth who shared nudes sent them to someone they had never met in real life.
